MEMORANDUM FOR RECORD

SUBJECT: Letter of Recommendation

FROM: Lt Colonel Tuck

1. I give my personal gratitude to Western Global Services Ltd., as they were the caterer contracted to provide meals for the U.S. military deployed to Pakistan in support of the Flood Relief Effort.
2. Given the expeditionary nature of the dining facility and the resources available to the Company, I found our meal time to be consistently exceptional. In fact, our dinner was typically the highlight of the day!
3. It was my pleasure and good fortune to have been served by Western Global Services Ltd., and I give them my highest recommendation.

A handwritten signature in black ink, appearing to read "CDT", is located below the list of points.
