This letter is being issued in appreciations of your dedicated work performed at our Saba Power Plant from October 15, 2005 to December 28, 2005 in Expatriates Mess.

I take this opportunity to thank you for organizing several lunch / dinners at this Saba Power Plant camp and these were especially attended by our Expatriates.

We, on behalf of Saba Power Plant team, extend our appreciation to you for handling these occasions in the most professional manners, where all the Expatriates were full of praises for the excellent arrangements, personalized service presentation and very standard food quality.
